PHILIPS Lighting

HF-Performer III for TL-D lamps

HF-P 218/236 TL-D III 220-240V 50/60 Hz

HF-Performer III TL-D III ballasts offer maximum versatility and meet all of the necessary commercial grade specifications. They also offer the added benefits of lamp striation reduction technology, making these ballasts compatible with energy-saving lamps. As such, these ballasts are part of an overall high-efficiency lighting system that may help you or your customers to achieve any international or local energy code you need to comply with. HF-Performer III TL-D III ballasts are the ideal choice for a broad range of new construction and retrofit applications within the commercial sector, including general surface mounting or office lighting, parking garages, warehouses, waterproof and other applications.;The ballast is primarily designed for Indoor application. For outdoor application, the luminaire should be minimum Classland need to be sufficiently protected against water & dust. The installation should also be guard against any lightening surge or any other necessary electrical protection as deemed in such typical installation & application.

Product data

| General Information | | | |
|--|--------------|--|--|
| Application Code | III | | |
| Type Version | IDC | | |
| Lamp Type | TL-D | | |
| Number of Lamps | 2 piece/unit | | |
| Number of Products on MCB (16A Type B) | 28 | | |
| (Nom) | | | |
| Automatic Restart | Yes | | |
| | | | |
| Operating and Electrical | | | |
| Input Voltage | 220 to 240 V | | |
| Input Frequency | 50 to 60 Hz | | |
