## CorePro LEDtube EM/ Mains T8

### CorePro LEDtube 1500mm HO 24W 840 T8

Philips CorePro LEDtubes are the quick and easy way to replace T8 fluorescent or other LED tubes with a fast pack back time. Not only does the Core range of LEDtubes require a low initial investment, but LED energy efficiency also delivers instant savings that you can bank on over a long and reliable lifetime. Plus, with the same lamp size and light distribution as fluorescent alternatives, you'll never know the difference. There are two ways to install these LED tubes: Rewire your existing fluorescent-based luminaires so the CorePro LEDtubes work directly on the Mains. Or simply change the fluorescent starter to an LED starter that can be used with your Electromagnetic ballasts.

#### Warnings and Safety

- NOTE: The overall energy efficiency and light distribution of any installation that uses these lamps will be determined by the design of the installation.
- Installation must be done according to the installation diagrams provided with the lamp or available online. Installation must be done by a certified professional.

#### **Product data**

| General Information        |  | Light Technical                       |                    |  |
|----------------------------|--|---------------------------------------|--------------------|--|
| Cap-Base                   | G13 [Medium Bi-Pin Fluorescent]              | Color Code                            | 840 [CCT of 4000K] |  |
| Nominal lifetime           | nal lifetime 50,000 hour(s) Beam Angle (Nom) |                                       | 240 degree(s)      |  |
| Switching Cycle            | 200,000                                      | Luminous Flux                         | 2,700 lumen        |  |
