Welch Allyn Lamps Policy

Welch Allyn instruments are completely engineered from the source of illumination to the instrument's usage. A change in this sequence reduces product effectiveness. Lamp manufacture is a very critical part of this system, therefore, we recommend that you use only genuine Welch Allyn lamps.

Welch Allyn Batteries Policy

A Welch Allyn nickel cadmium battery will be replaced on a pro rata basis should it fail before the date printed on the battery (when used in Welch Allyn handles only). This date represents two years after manufacture of the battery.
